Notice of Workshop

July 8, 1998

10:00 am to Noon

Proposed 1999 Annual Registration Fees

You are invited to attend an informal workshop to discuss proposals for fee changes for calendar year 1999. Emission reporting revisions and registered source emission limitations are also proposed. The workshop will be held in our office (map enclosed). Highlights of the proposal are:

- ✱ Base fees will be reduced, however per ton emission fees will be added:

Base Fee	1998	1999
Large (one half of emission limitation)	\$2,500	\$2,000
Small (one quarter of emission limitation)	\$1,500	\$1,000

Emissions	1998	1999
CO and TAC (per ton)	\$0	\$15
NOx, PM10, SOx, VOC (per ton)	\$0	\$35

- ✱ This year the fee basis for all other registered sources will continue to be their Standard Industrial Classification (SIC) four-digit category. However, for the year 2000 the new North American Industry Classification System (NAICS) six-digit category is proposed as the fee basis.
- ✱ Fees will be increased for auto body paint shops, dry cleaners, and gasoline stations with more than one tank. These sources are being notified separately.

Source Category	1998	1999
Automobile body repair and painting (SIC=7532) with Enviro Star	\$200	\$50
Automobile body repair and painting (SIC=7532) without Enviro Star	\$200	\$250
Dry-cleaning plants with refrigerated condensers (SIC=7216)	\$130	\$150
Dry-cleaning plants without refrigerated condensers (SIC=7216)	\$130	\$500
Gasoline service stations with more than one tank	\$300	\$400

- ✱ No change is proposed to other annual registration fees.
